

Search A Zone for a car tailgating a vehicle making a right turn, who may zigzag into your path. Find vehicles that moved into LP 2.

Think of actions you could take if a car was heading towards you.

1. Reduce your speed
2. Find Escape Path - Take LP5
3. Flash high beam headlights
4. Blow your horn

Find "Slow" or "Go" Conditions and LP's of Vehicles

Three things to Search the A Zone for.

1. Look for **Slow** conditions.
2. Look for **Go** conditions
3. Look for the **LP** of vehicles ahead as well as oncoming.

When you find a vehicle in LP2, evaluate your C Zone to see if you would have an **escape path** to take if needed. Each day try to find five vehicles that are in LP2. Give yourself a reward of knowing that you are building habits of Awareness to prevent crashes caused by others' wrongful actions.

Fold and use glove box as a holder. **Warning:** Read cue before moving the vehicle.
